

## **COVID Health and Safety Policy**

*Updated November 1, 2021*

In our continual response to COVID-19, and following the advice the CVC (Center for Disease Control), BSCC has developed the following updated *Health and Safety Policy*:

We request individuals entering BSCC wear a face covering when in close proximity to other people or six feet of separation is not possible. To help our clients maintain follow this policy:

- Clients and/or parents/guardians are welcome to wait in our inside waiting area, our outside sitting area, or in their vehicles. We also have large therapy rooms to maintain social distancing of at least 6 feet; therefore, a facial covering is optional during sessions.
- We will continue to thoroughly disinfect all common areas often, especially between sessions, including play therapy materials.
- We will continue to offer telehealth to decrease in-person traffic and attempt to schedule in-person appointments at specific intervals to minimize the number of people in the waiting room.
- Hand sanitizer that contains at least 60% alcohol is available.

Please let your counselor know if you have questions or concerns.
